And explain what is different • Explain how the lifecycles are similar • Describe the places this animal or plant is found • Include at least two interesting facts on your chosen animal or plant <p>★★★</p>	<p>Create a model of a river of your choice using a variety of materials. Make sure to label the features of your river.</p> <p>★★★</p>

Every child **must** complete at least 1x English, 1x Maths, and 1x Science or 1x Other activity. The children can choose which star level activity they would like to do. Children can do more than one activity from each heading and will be rewarded at the end of the half term, based on how many stars they collect. If children do not complete the minimum number of activities required, they will have to complete the activities during the reward time.
